

Senior Citizen Bingo

Bingo is the American version of a game that originated as an Italian Lottery called “Lo Giuoco del Lotto D’Italia” that was all the rage dating back as far as the mid-1500s. When the game reached North America in 1929 it was known as “beano” but later renamed bingo after a caller yelled out “BINGO” instead of beano.

- And besides being great fun, it
- Increases social engagement
 - Increases reflexes and short-term memory
 - Improves hand-eye coordination
 - Improves concentration (especially if managing multiple boards)
